## 2023 REGISTRATION REQUEST FORM

GIVE CHILDREN THE CREATIVE OPPORTUNITIES THAT WILL HELP SHAPE THEIR PROFESSIONAL FUTURES AT AN EARLY AGE.

Dear Director,

Visual Adjectives offers our program, SEEDS of Creativity as a service to your after school and summer programs. SEEDS of Creativity teaches writing, art, production, and publishing to students. The program is full of activities that teach aspects of production to help the students learn scheduling and a productive work ethic. Students will be part of a hands-on experience that takes them through the publishing process. It educates and teaches them about career opportunities and choices often overlooked.

Youth will be celebrated as proficient and successful writers, artists, and/or creators, by offering year-round educational and recreational opportunities for growth. They will have full access to resources, technologies, and traditional tools to encourage student literacy as a great way to become engaged with their future.

We can prepare our sessions and schedule to fit your program. Visual Adjectives SEEDS, has been helping youth through our program by giving them the opportunity to explore and expand their creative and educational horizons by exploring arts and culture.
